Our Commitment/ Words from our Founder	31
--	----

"Hair Tissue Mineral Analysis is such a powerful diagnostic test, but the one thing I struggled with for years was all of the supplements that went into the most effective protocols. I wanted to create something to make the ultimate protocols less stressful to implement, more convenient and cost effective for clients!"

Lisa Pitel-Killah

Vykon Founder
BCHHP (AADP), FDN-P, hTMAP

VYKON: WHERE NATURAL MEETS SCIENCE

Vykon was founded by Lisa Pitel-Killah, Hair Tissue Mineral Analysis Expert, Board-Certified Holistic Health Practitioner, Functional Diagnostic Practitioner and multi-time World Champion. Lisa is a health, wellness and fitness advocate.

She chose to specialize in HTMA testing when that particular diagnostic test was the first to identify the true root cause of her debilitating fatigue and chronic infections. What Lisa always struggled with was the amount of supplements required for the best protocols. This struggle was what led to the creation of the revolutionary Vykon Custom powders.

OUR MISSION AT VYKON

Vykon is committed to inspiring and empowering individuals to achieve their best life by producing top quality products to support their journey. All-natural supplements with the finest ingredients to fuel the body; whether you are using the custom powders, based on HTMA science, to erase debilitating symptoms and regain health; or the performance line to take your game to the next level. Vykon is innovative, forward-thinking, beta-tested and here to help those that want more out of life to achieve it.

WHO WE ARE

The team at Vykon is committed to health, training, coaching, educating and sharing everything you need to know to reach new heights. We make it a priority each and every day to learn more, dig deeper, inspire and motivate others, with the utmost professionalism and integrity. If you are seeking support and strategies to erase debilitating symptoms, gain energy, get to the top of your game or support the vitality and longevity of your animals, then we can help.

OUR PROMISE

Here at Vykon, our mission is to assure our valued partners that every performance and foundational supplement that is produced is of the highest quality, contains the purest raw ingredients, has absolutely no fillers or artificial flavours, and meets our strict production guidelines.

All products are manufactured in a Health Canada licensed facility in Ottawa, Ontario CANADA. The lab is cGMP compliant, have strict quality assurance protocols and always use third party testing to validate the identity and purity of every single ingredient. Only the finest quality, natural ingredients are used in every Vykon formulation.

THE ENVIRONMENT

At Vykon we care about the environment. By using just one of our formulations for a 90-day protocol; you are saving up to 30 bottles of single supplements.

ONLINE ORDERING

Secure online ordering at Vykonsupplements.com

SHIPPING

Our lab ships daily via UPS, FEDEX, DHL or Canada Post. Delivery can be expected, once shipped, within 2-3 business days in Canada and 3-7 business days to anywhere else in the world. Once your order has been completed, you will receive a notification and tracking email. If you do not see this email: please check your junk folder.

RETURN POLICY

Refunds will be applicable on products returned, and received, within 30 days of the original shipping date and do not apply to any Customizable/Customized Formulations. Potential product returns must be unopened, in their original packaging, and use of a shipping service that provides delivery confirmation (tracking number) is required. The customer is responsible for the return shipping costs. Once we have received your returned item(s) in house, we will give you a full refund, minus your original shipping cost.

Vykon Supplements is a Division of Vykon Inc.

HUMAN SUPPLEMENTS

PERFORMANCE LINE NEW ZEALAND WHEY PROTEIN ISOLATE

900G

Vykon New Zealand Whey Protein Isolate is sourced straight from New Zealand. Given the strict regulations of the humane treatment of their dairy cattle, the result is an extremely clean milk product, which in turn brings an exceptionally pure whey isolate. In addition, our product is processed using cold pressed technology, which means the proteins are left primarily in the natural state. A great choice for those looking to increase lean muscle mass, protein content in their diet or recovery following a workout.

BROWN RICE PLANT-BASED PROTEIN

900G

Vykon Brown Rice Plant-Based Protein consists only of rice protein concentrate, it is not cut with other cheaper vegan sourced proteins (ie: Pea protein). In addition, our brown rice protein is sourced from non-GMO rice, is heavy metal tested and undergoes hexane free processing. The result, a product that has not been exposed to additional chemicals and has a high undenatured protein content relative to other vegan proteins.

How to take Vykon Magnesium Glycinate:

Adults: Take 1-2 capsules,
1 time daily (oral), or as otherwise
directed by a health care practitioner

FOUNDATIONAL SUPPORT HYDROLYZED COLLAGEN

400G

Marine collagen – sourced from wild-caught, cold-water fish. Hydrolyzed collagen protein contains the essential amino acid lysine, which has been shown to have anti-viral properties and is important for your body to build immune cells. In addition, hydrolyzed collagen protein has been associated with better digestive health. This hydrolyzed collagen protein is 100% pure, no added fillers, flavours or colours. It is sourced from wild-caught, cold-water fish so it is non-GMO and free from antibiotics and artificial hormones.

Medicinal Ingredients* (per dose unit):

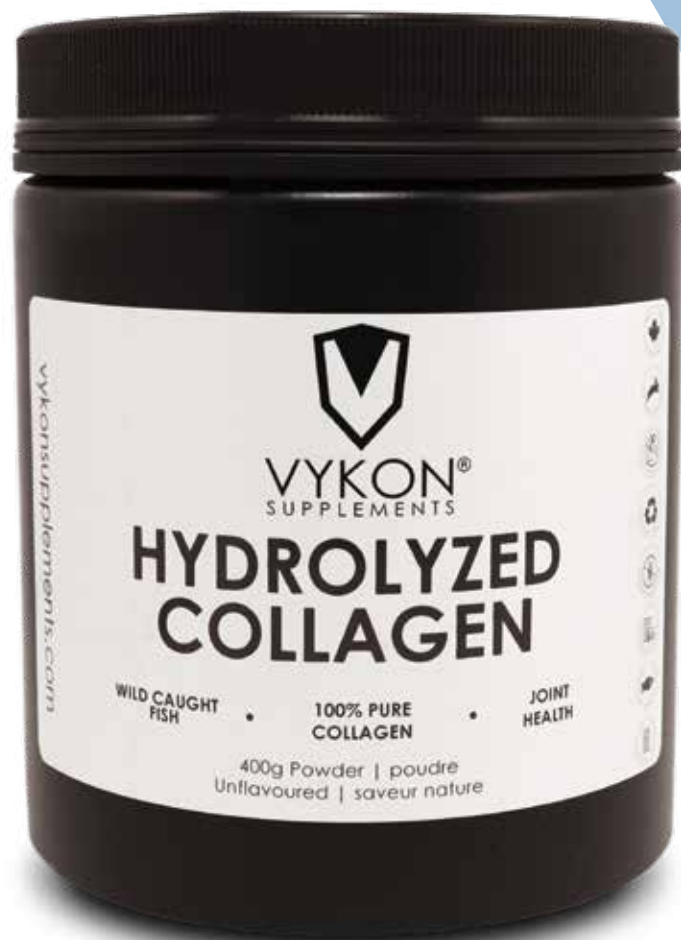

Hydrolyzed collagen (Fish – skin) 5 grams

Our hydrolyzed collagen is 100% pure, sourced from wild-caught, cold-water fish; it is non-GMO and free from antibiotics and artificial hormones with no added fillers, flavours or colours.

Other ingredients: None.

How to take Vykon Collagen:

Adults: Take 5-10grams (1-2 scoops), once daily (oral). Use for a minimum of 5 months to see beneficial effects.

FOUNDATIONAL SUPPORT

OMEGA-3

60 CAPS

The Vykon Omega-3 Fish oil could benefit most healthy individuals. In particular, those with joint pain, those looking to enhance recovery after a workout, enhance skin and hair health, those looking to support heart health and those looking to support healthy brain and mood balance could benefit from the Vykon Omega-3 Fish Oil. Our omega-3 source is from small fish.
