---------------------------	----

"Hair Tissue Mineral Analysis is such a powerful diagnostic test, but the one thing I struggled with for years was all of the supplements that went into the most effective protocols. I wanted to create something to make the ultimate protocols less stressful to implement, more convenient and cost effective for clients!"

### **Lisa Pitel-Killah**

Vykon Founder  
BCHHP (AADP), FDN-P, hTMAP

## **VYKON: WHERE NATURAL MEETS SCIENCE**

Vykon was founded by Lisa Pitel Killah, Hair Tissue Mineral Analysis Expert, Board-Certified Holistic Health Practitioner, Functional Diagnostic Practitioner and multi-time World Champion. Lisa is a health, wellness and fitness advocate.

She chose to specialize in HTMA testing when that particular diagnostic test was the first to identify the true root cause of her debilitating fatigue and chronic infections. What Lisa always struggled with was the amount of supplements required for the best protocols. This struggle was what lead to the creation of the revolutionary Vykon Custom powders.

## **OUR MISSION AT VYKON**

Vykon is committed to inspiring and empowering individuals to achieve their best life by producing top quality products to support their journey. All-natural supplements with the finest ingredients to fuel the body; whether you are using the custom powders, based on HTMA science, to erase debilitating symptoms and regain health; or the performance line to take your game to the next level. Vykon is innovative, forward-thinking, beta-tested and here to help those that want more out of life to achieve it.

## **WHO WE ARE**

The team at Vykon is committed to health, training, coaching, educating and sharing everything you need to know to reach new heights. We make it a priority each and every day to learn more, dig deeper, inspire and motivate others, with the utmost professionalism and integrity. If you are seeking support and strategies to erase debilitating symptoms, gain energy, get to the top of your game or support the vitality and longevity of your animals, then we can help.

## **OUR PROMISE**

Here at Vykon, our mission is to assure our valued partners that every performance and foundational supplement that is produced is of the highest quality, contains the purest raw ingredients, has absolutely no fillers or artificial flavours, and meets our strict production guidelines.

All products are manufactured in a Health Canada licensed facility in Ottawa, Ontario CANADA. The lab is cGMP compliant, have strict quality assurance protocols and always use third party testing to validate the identity and purity of every single ingredient. Only the finest quality, natural ingredients are used in every Vykon formulation.

## **THE ENVIRONMENT**

At Vykon we care about the environment. By using just one of our formulations for a 90-day protocol; you are saving up to 30 bottles of single supplements.

Vykon Supplements is a Division of Vykon Inc.

## NUTRIENTS:

# Magnesium Glycinate Capsules

## 60 Caps

Vykon® Magnesium Glycinate is crafted using a premium chelated form of magnesium known for its stability and purity. By binding magnesium to glycine—an amino acid widely used in high-quality mineral supplements—this formulation is designed for exceptional consistency and compositional integrity. The result is a clean, thoughtfully formulated magnesium supplement you can trust as part of your daily wellness routine.

### Ingredients (per serving):

Magnesium (Glycinate) 150 mg

### Other ingredients:

Hypromellose (vegetable based) capsule.

### Suggested use:

Adults, as a dietary supplement,  
one (1) capsule daily.

### Package Size:

60 servings per bottle.

## NUTRIENTS:

# Magnesium Glycinate Powder

225 g - Only Available Outside of Canada

Vykon® Magnesium Glycinate features a chelated form of magnesium combined with glycine, chosen for its stability and use in high-quality mineral formulations. This single-ingredient formula reflects a clean, focused approach to mineral design—delivering magnesium in a form that prioritizes simplicity, consistency, and quality.

### Ingredients (per serving):

Magnesium (Glycinate) 250 mg

### Other ingredients:

None

### Suggested use:

Adults, as a dietary supplement, mix one (1) scoop in 8 oz (225 mL) of liquid daily.

### Package Size:

180 servings per bottle.

## NUTRIENTS:

# Hydrolyzed Collagen

400 g

Vykon® Hydrolyzed Collagen Protein is produced using carefully selected raw materials and a controlled hydrolysis process to create a refined and consistent protein format. The resulting composition contains naturally occurring amino acid constituents and reflects Vykon's commitment to purity, simplicity, and formulation integrity—delivering a clean collagen protein designed to meet high quality standards.

### Ingredients (per serving):

Hydrolyzed collagen (Fish – skin) 5 g

### Other ingredients:

None.

### Suggested use:

Adults, as a dietary supplement take 1-2 scoops one time a day.

### Package Sizes:

80 servings per bottle.

## NUTRIENTS:

# Omega-3

## 60 Caps

Vykon® Omega-3 Fish Oil is formulated using oil sourced from small fish and carefully selected for its purity and compositional consistency. The raw material undergoes a refined processing and quality control approach to help ensure a clean, dependable oil that aligns with high formulation standards. Designed with practitioner-directed retail use in mind, this omega-3 formula reflects Vykon's commitment to responsible sourcing, clarity of ingredients, and consistent product quality you can trust.

### Ingredients (per serving):

Omega 3 Fish Oil (Engraulidae – whole) 2,000 mg  
EPA (Eicosapentaenoic acid) 800 mg  
DHA (Docosahexaenoic acid) 600 mg

### Other Ingredients:

Capsule (gelatin, glycerin)  
Antioxidant (tocopherols excipient NF).

### Suggested use:

Adults (18 years and older):  
Take two (2) capsules, one time per day.

### Package Size:

60 servings per bottle.

## NUTRIENTS:

# Creatine Monohydrate

300 g- Only Available Outside of Canada

Vykon® Creatine Monohydrate is formulated using a well-characterized compound that has been extensively examined in scientific literature. The ingredient is carefully selected for its purity, consistency, and reliability, making it well suited for high-quality, single-ingredient formulations. This clean, focused approach reflects Vykon's commitment to formulation integrity and dependable ingredient standards.

### Ingredients (per serving):

Creatine Monohydrate (micronized) 4 g

### Other Ingredients:

None

### Suggested use:

Adults, as a dietary supplement, mix two (2) scoops in 8 oz (225 mL) of liquid daily.

### Package Size:

75 servings per bottle.

## NUTRIENTS:

# Ultimate Electrolytes

233 g - Only Available Outside of Canada

Vykon® Ultimate Electrolyte is a thoughtfully formulated blend of essential electrolyte components, developed with careful attention to ingredient selection and compositional balance. Designed for versatility, this formula integrates seamlessly into daily wellness routines as well as active-use protocols, reflecting Vykon's commitment to quality, clarity, and purposeful formulation.

### Ingredients (per serving):

Potassium (Gluconate) 400 mg

Sea Salt 500 mg

Magnesium (Glycinate) 125 mg

Vitamin B1 (Thiamin HCl) 50 mg

### Other Ingredients:

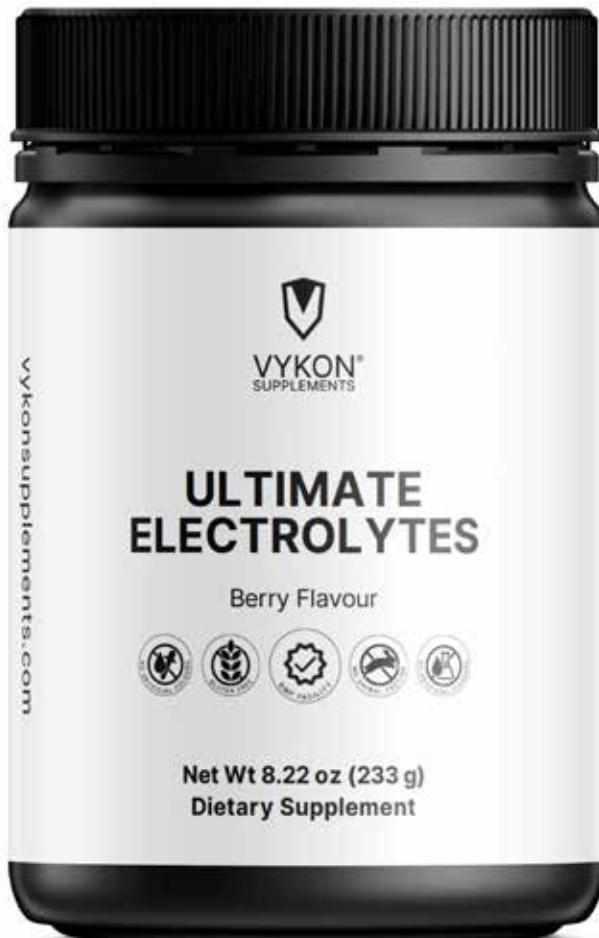

Citric acid (cassava), organic Stevia rebaudiana leaf extract.

### Suggested use:

Adults, as a dietary supplement, mix one (1) scoop in 8 oz. (225 mL) of liquid daily.

### Package Size:

30 servings per bottle.

## GREENS & KELP:

# Ultimate Greens

152 g - Only Available Outside of Canada

Vykon® Ultimate Greens Blend is a thoughtfully composed blend of plant-based ingredients selected for their naturally occurring micronutrient diversity. The formulation delivers a broad spectrum of vitamins, minerals, amino acid constituents, and antioxidant compounds derived from whole-food sources, reflecting Vykon's commitment to clean, well-balanced nutritional design.

### Ingredients (per serving):

Organic Moringa 750 mg  
Organic Spirulina 1,250 mg  
Organic Chlorella 1,000 mg  
Organic Green Tea Extract 500 mg  
Iodine (from organic kelp) 500 mcg

### Other ingredients:

Natural flavours, organic banana fruit powder, Citric acid (cassava), organic Stevia rebaudiana leaf extract.

### Suggested use:

Adults, as a dietary supplement, mix one (1) scoop in 8 oz. (225 mL) of liquid daily.

### Package Size:

30 servings per bottle.

## GREENS & KELP:

# Kelp Capsules

## 180 Caps - Only Available Outside of Canada

Vykon® Organic Kelp is sourced from the North Atlantic and derived from carefully selected kelp varieties commonly known as knotted wrack or Norwegian kelp. Valued for its naturally occurring trace mineral composition, including iodine, this whole-food-derived ingredient reflects a clean and naturally balanced nutrient profile, consistent with Vykon's quality and sourcing standards.

### Ingredients (per serving):

Iodine (from organic kelp) 500 mcg

### Other Ingredients:

Hypromellose (vegetable based) capsule.

### Suggested use:

Adults, as a dietary supplement, take one (1) capsule daily.

### Package Size:

180 servings per bottle.

## PROBIOTICS:

# Liquid 10+ Probiotic

## 500 mL

Vykon® Liquid Probiotic is produced in small batches using a triple-fermentation process and infused with a distinctive herbal tea blend. The formulation features a curated selection of complementary probiotic strains, delivering 30 billion CFUs per 30 mL serving. This carefully crafted approach reflects Vykon's commitment to thoughtful formulation, consistency, and quality standards.

### Ingredients:

Proprietary blend includes Lactobacillus Acidophilus, L. Casei, L. Rhamnosus, Bifidobacterium Animalis, B. Lactis, B. Longum, Lactococcus Lactis subsp, Lactis Biovar Diacetylactis, Leuconostoc Pseudomesenteroides, Steptococcus Thermophilis.

### Other Ingredients:

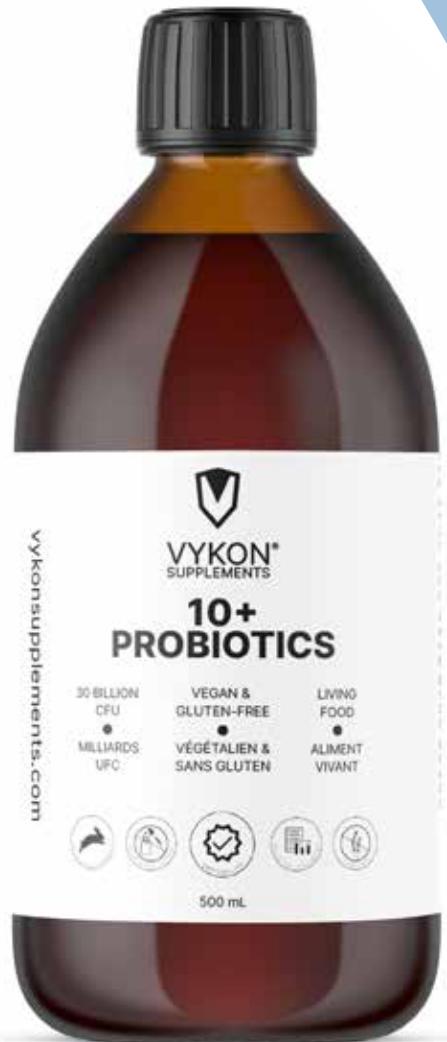

Water, Organic Molasses, Active Cultures, Herbal Tea: Aniseed, Licorice Root, Fennel, Basil, Chervil, Dill, Fenugreek, Ginger, Juniper Leaf, Nettle, Oregano, Parsley, Peppermint, Rosemary, Thyme, Chamomile, Elder, Angelica, Sage.

### Suggested Use:

Adults, as a dietary supplement mix 30 mL with a little water, juice or drink straight in a glass. Drink it daily.

### Package Size:

15 servings per bottle.

## PROBIOTICS:

# Liquid Liver Support Probiotic

## 500 mL

Vykon® Liquid Probiotic is produced in small batches using a triple-fermentation process and infused with milk thistle. The formulation features a carefully curated selection of complementary probiotic strains, delivering 30 billion CFUs per 30 mL serving. This thoughtfully designed liquid format reflects Vykon's commitment to formulation integrity, consistency, and high quality standards.

### Ingredients:

Proprietary blend includes Lactobacillus Acidophilus, L. Casei, L. Rhamnosus, Bifidobacterium Animalis, B. Lactis, B. Longum, Lactococcus Lactis subsp, Lactis Biovar Diacetylactis, Leuconostoc Pseudomesenteroides, Steptococcus Thermophilis.

### Other Ingredients:

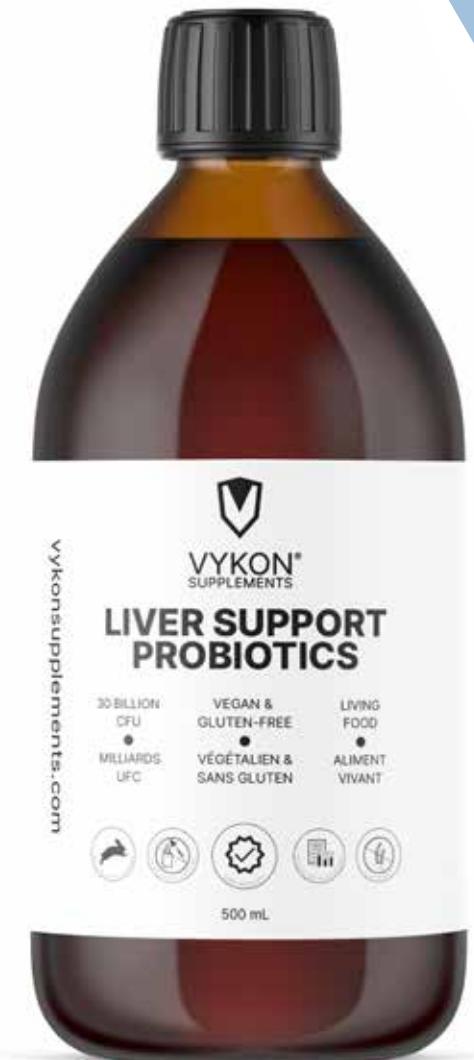

Water, Organic Molasses, Active Cultures, Milk Thistle.

### Suggested use:

Adults, as a dietary supplement mix 30 mL with a little water, juice or drink straight in a glass. Drink it daily.

### Package Size:

15 servings per bottle.

## PROTEINS:

# New Zealand Whey Protein Isolate

900 g

Vykon® New Zealand Whey Protein Isolate is sourced directly from New Zealand, where dairy production follows stringent agricultural and animal welfare standards, resulting in a clean, high-quality milk source and an exceptionally pure whey isolate. Processed using cold-pressed technology, the protein is handled with care to help preserve its natural structure and integrity, reflecting Vykon's commitment to purity, quality, and thoughtful protein formulation.

### Ingredients (per serving):

Whey protein isolate 25 g

### Other ingredients:

Vanilla Flavour: Natural vanilla cream flavour, organic banana fruit powder, guar gum, organic Stevia rebaudiana leaf extract, sea salt, sunflower lecithin.

Chocolate Flavour: Cocoa powder (alkalized), natural chocolate flavour, guar gum, organic Stevia rebaudiana leaf extract, sea salt, sunflower lecithin.

### Suggested use:

Adults, as a dietary supplement mix one (1) scoop 1-2 times per day. Mix product well in 1-2 cups of liquid (water, juice, etc.) immediately before consumption.

### Package Size:

30 servings per bottle.

## PROTEINS:

# Brown Rice Plant-Based Protein

900 g

Vykon® Organic Brown Rice Protein is formulated exclusively from rice protein concentrate, without the inclusion of blended or secondary plant protein sources. Derived from non-GMO rice and processed without the use of hexane, the ingredient is further supported by additional testing for heavy metals, reflecting Vykon's commitment to purity, transparency, and high formulation standards.

### Ingredients (per serving):

Organic Brown Rice Protein (Concentrate, Oryza sativa-seed) 28 g

### Other ingredients:

Vanilla Flavour: Natural vanilla cream flavour, organic banana fruit powder, guar gum, organic Stevia rebaudiana leaf extract, sea salt, sunflower lecithin.

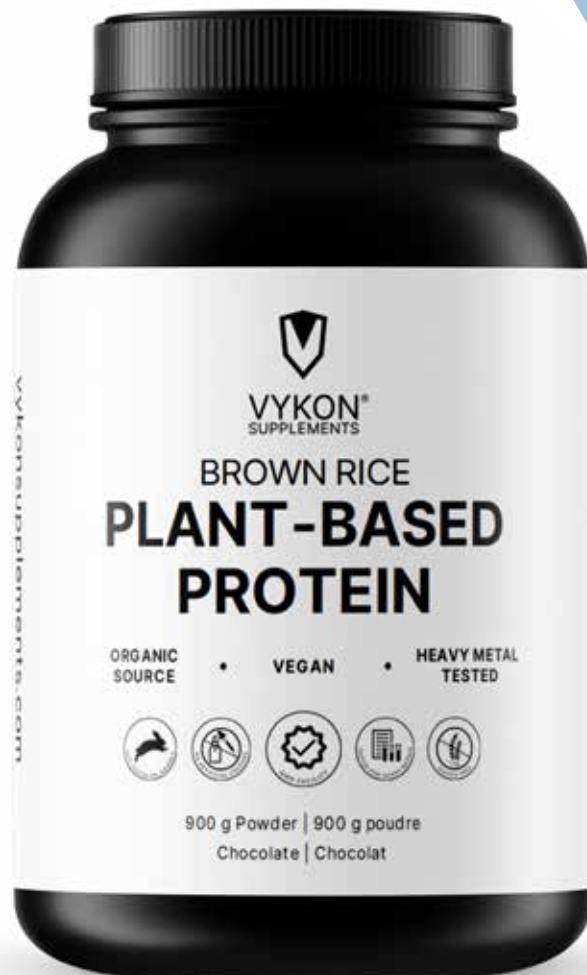

Chocolate Flavour: Cocoa powder (alkalized), natural chocolate flavour, guar gum, organic Stevia rebaudiana leaf extract, sea salt, sunflower lecithin.

### Suggested use:

Adults, as a dietary supplement mix one (1) scoop 1-2 times per day. Mix product well in 1-2 cups of liquid (water, juice, etc.) immediately before consumption.

### Package Size:

30 servings per bottle.

## **BINDERS:**

# **Zeolite Clinoptilolite**

**450 g / 900 g**

Vykon® Micronized Clinoptilolite is produced to exceed USP purity standards and is selected for its exceptional consistency and level of refinement. The micronization process results in a uniform particle profile aligned with materials commonly used in documented scientific and environmental research, reflecting Vykon's commitment to quality, precision, and formulation integrity.

### **Ingredients (per dose):**

Zeolite Clinoptilolite (micronized) 1 g

### **Other Ingredients:**

None.

### **Suggested use:**

Adults, as a dietary supplement, mix 1/2 scoop in 8 oz (225 mL) of liquid daily.

### **Package Size:**

450 servings per bottle (pictured).

900 servings per bottle.

## **BINDERS:**

# **Humic:Fulvic**

**32 g**

Vykon® Humic:Fulvic Blend is sourced from a carefully selected Canadian humus deposit recognized for its exceptional purity. Valued for its compositional integrity, this material provides a naturally complex matrix that includes trace minerals and other naturally occurring constituents, reflecting Vykon's commitment to clean sourcing and thoughtful mineral formulation.

### **Ingredients (per dose):**

Humic acid 250 mg

Fulvic acid 100 mg

(5:2 concentration, organic)

### **Other Ingredients:**

None.

### **Suggested use:**

Adults, as a dietary supplement, mix half (1/2) scoop in 8 oz (225 mL) of liquid daily.

Do not mix with tap water, use ONLY filtered or reverse osmosis water. Do not exceed recommended daily dose.

### **Package Size:**

90 servings per bottle.

## BINDERS:

# Humic:Fulvic + Zeolite

59 g

Vykon® Humic, Fulvic & Zeolite Formula combines naturally derived humic and fulvic acids sourced from a carefully selected Canadian humus deposit with micronized zeolite of exceptional purity. Each ingredient is chosen for its compositional integrity and processed using a streamlined methodology that minimizes chemical inputs, reflecting Vykon's commitment to clean sourcing, quality control, and thoughtful formulation standards.

### Ingredients (per dose):

Humic acid 250 mg

Fulvic acid 100 mg

Zeolite Clinoptilolite (micronized) 300mg

### Other Ingredients:

None.

### Suggested use:

Adults, as a dietary supplement, mix one (1) scoop in 8 oz (225 mL) of liquid daily.

Do not mix with tap water, use ONLY filtered or reverse osmosis water. Do not exceed recommended daily dose.

### Package Size:

90 servings per bottle.
